VOLUME 3. MARYVILLE, MISSOURI, WEDNESDAY, NOV. 13, 1912 NO. 140.

ON A LARGER SCALE

SCOPE OF SHORT COURSE EXTENDED TO TAKE IN DISTRICT.

600 FREE SCHOLARSHIPS

Two Hundred Free Scholarships Apportioned to Nodaway County and 400 to Other Counties.

If plans now being formed are matured, the Northwest Normal will get behind the movement for the branch short course in agriculture, and instead of its being a purely local affair the course arranged will have pupils from all over the normal district.

The plan proposed, and the one likely to be carried out is for the Normal and the local committee from the Commercial club to divide the expense. It is intended that there shall be 600 free scholarships, of which number Nodaway county farmers are to have 200, the balance being divided among the other eighteen counties in the normal district. The course generally will be under the supervision of the agricultural department of the state university, but outside talent will also be secured, the idea being that this is to be made the most important of any held in the state, unless it be the one at Columbia itself. The programs will be arranged by the local committee, except for one day, which is devoted to the Rural Community Life work, and that program will be in charge of R. T. Forbes of St. Joseph, the president of the association. The course is to be held at the Normal, the second week in February, as originally planned, and with the widened scope of the work will undoubtedly draw a large attendance of farmers for the week.

About 150 Nodaway county farmers have signified their intention of taking the course, and more will undoubtedly wish to do so. When the 200 free scholarships to which Nodaway county is entitled are exhausted a fee of $2.50 will be charged, and those wishing to come in under the free scholarships will have to hurry to avail themselves of the privilege. Applications should be mailed to J. F. Hull, the secretary, or D. R. Eversole the president, or handed to any member of the local committee from the Commercial club.

The work of securing attendance from other counties in the district is to be pushed with vigor, and those who know the strenuous manner in which Dr. Taylor campaigns have little doubt of the result.

Nodaway county is gaining an enviable reputation for her work in this line, as is evidenced by the statement of Miss Nelle Nesbitt of the agricultural department of the state university to the ladies of the Twentieth Century club in speaking of the proposed undertaking of the department for work among the women of the state, that Nodaway county was the first county mentioned as one in which to take up the work.

Holmes Residence Sold.

Dan Holmes sold his residence in Holmes Heights Monday to Byron Rhodes, the real estate man, for $3,500. Mr. Rhoades and his family expect to take possession of the residence the first of December. Mr. Holmes and his family will go to Kansas City in January to make their home.

Mrs. Everett E. Bailey returned to her home in Parnell Wednesday from a visit with her parents, Mr. and Mrs. Hugh Ledgerwood.

DO YOU WEAR GLASSES?

IF SO are you satisfied that they have been fitted to your eyes in a correct and proper manner?

HAVE THEY GIVEN YOUR EYES that relief which you expected they would?

ARE YOUR EYE MUSCLES following their natural laws as they should do with correctly fitted Glasses.

WOULD YOU LIKE MY OPINION? I will give it to you willingly, FREE OF CHARGE.

SENT UP FOR TEN YEARS.

John Sollers, Who Was Arrested at Clyde a Year Ago, Received Sentence at St. Joseph.

The following is from the St. Joseph News-Press about John Sollers, who was arrested at Clyde a year ago:

In overruling a motion to reduce the sentence in the case of John Sollers, 19 years old, convicted of the murder of Fred Williams, a boy of his age, Judge Ryan of the criminal court yesterday said Sollers had not shown a proper spirit of repentance. He mentioned the knife with which Sollers had killed his friend.

"I was much impressed," he said, "and I'm sure the jury was impressed, by the fact that Sollers, at the time of his arrest at Clyde, still had in his possession the knife with which he inflicted the fatal wound. He had carried it with him in his flight from St. Joseph to Omaha and throughout all his travels. It reminded me of the desperado who cut a notch in the handle of his pistol for every man he killed. I'm sure that if Sollers had repented that act he would have gotten rid of that knife just as quickly as possible."

M. G. Moran, an attorney for the defense, argued that ten years is a long time for a young man to spend in the penitentiary, and that half that time would do just as much good. The purpose of punishment, he said, is not retribution, but reform. Nine members of the jury that tried the case, he said, had recommended that the sentence be reduced, and the remaining three members had not been seen.

Judge Ryan said that, under the law, ten years is the minimum sentence for murder in the second degree.

"The only course open to me," resumed the court, "would be to set aside the verdict and permit the prisoner to plead guilty to manslaughter; and I can't do that without the prosecuting attorney's consent, and he refuses to give his consent. I agree with counsel that this crime is the result of the defendant's early training, and I don't think a young man like that should be sent to the penitentiary. I sincerely hope that the next legislature will provide a reformatory for offenders of this class, that they may not be compelled to mingle with hardened criminals."

The court summoned the prisoner to receive his sentence of ten years in the penitentiary, but at this juncture Charles F. Keller, another attorney for the defense, said he would file a motion in arrest of judgment. It was inferred from this that an appeal is contemplated.

During the proceedings Sollers' mother sat beside him, silently weeping. His wife has obtained a divorce since his conviction.

To Their Nephew's Funeral.

Mr. and Mrs. Charles E. Ballinger, living south of Maryville, went to Stanberry Wednesday to attend the funeral services of their nephew, George Whitten, who died in Kansas City Monday of meningitis. His body was brought to Stanberry for burial by his parents, Mr. and Mrs. Newton Whitten, who were summoned to Kansas City shortly before his death. The young man was 25 years old and had been employed in the First National bank of Kansas City for several years. He was a graduate of the schools of Stanberry and had taught several terms of school before going into the banking business. He was a splendid young man and his death is a severe shock to his parents and brother and sister. Mrs. Newton Whitton is a sister to Mrs. Ballinger.

To State Teachers' Meeting.

President H. K. Taylor of the State Normal, County Superintendent W. M. Oakerson, Prof. John E. Cameron, Prof. Ira Richardson, Dean G. H. Colbert and Supt. C. A. Hawkins left Tuesday evening for Springfield to attend the State Teachers' association, which will meet there this week. President Taylor is on the program and Mr. Oakerson is the chairman of the reading circle committee.

Left for California.

Ed Masters, living northwest of Maryville, left Tuesday evening for Los Angeles, Cal., to join his wife and daughter, who have been there for about three months for their daughter's health. Mr. and Mrs. Masters will make their home there until their daughter has improved enough to make their return safe. Their farm, near Wilcox, is being managed by their son, Ralph Masters.

Sick of Appendicitis.

Samuel Cox, a State Normal student, who was operated on at St. Francis hospital Monday for appendicitis, is doing nicely.

BANQUET A SUCCESS

FRIED CHICKEN SERVED TO MEN OF PRESBYTERIAN CHURCH.

TO ORGANIZE MEN'S CLASS

After Listening to Talks by Mr. VanCleve and Dr. Martin, and Music, Steps Were Taken to That End.

Taking into consideration the fact that the condition of the weather Tuesday night was anything but pleasant, the thirty-one men of the Men's club of the First Presbyterian church who sat down to their first club banquet demonstrates that the men are determined to make the club a success. The banquet consisted of a grand fried chicken supper, which was served by the Ladies' Aid society.

Mr. George Demott, president of the club, introduced Judge Crawford, the toastmaster of the evening, who in turn introduced Mr. W. C. VanCleve. Mr. VanCleve talked of "Washington as I Have Seen It," which proved to be full of most interesting and humorous experiences of the speaker in the capital city.

Dr. F. M. Martin gave the banqueters some helpful pointers on "How to Keep Well." Mrs. George Eaton and Judge Crawford furnished the musical phase of the evening. Both rendered vocal selections.

Previous to the adjournment the banqueters took action relative to the formation of a men's Bible class. Plans for the completion of such an organization will be furthered next Sunday morning at the Sunday school hour.

Those present were Rev. S. D. Harkness, Ed Wells, Charles Wadley, L. C. Gobel, George Eaton, Fred Yeomans, John Richey, Joseph Jackson, Jr., Roy Curfman, Fred French, D. E. Hotchkin, M. G. Tate, Hal Hooker, William G. Sawyers, Dr. F. M. Martin, George Demott, W. H. Allen, Emory Airy, S. G. Gillam, James F. Colby, Prof. John E. Cameron, S. O. Hutchinson, B. F. Duncan, Dean George H. Colbert, W. C. VanCleve, M. A. Lewis, Hosick Holmes, H. G. Barton, James Eckles, W. H. Crawford and H. T. Crane.

DEFEATED BY 450,000 MAJORITY.

The Single Tax Amendments Did Not Carry Anywhere in the State.

Returns so far received indicate the defeat of the single tax amendments in Missouri by at least 450,000 majority. Thirty counties, including Kansas City, St. Louis and Joplin, give a majority of 149,499 against the measures.

On Visit to Kansas City.

Mr. and Mrs. W. H. Frazee and daughters left Wednesday on an extended visit in Kansas City with Mrs. Frazee's brother, E. E. Clary, and her sister, Mrs. C. H. Dalrymple. They may conclude to remain all winter. Miss Blanche Frazee went to Kansas City several weeks ago and Otto Frazee, who has been employed in the Eversole dry goods store for some time, went to Kansas City a week ago and is in the employ of Montgomery, Ward & Co.

Will Spend Winter Hunting.

Charles Ashford of near Pickering visited over Monday night in Maryville with his father, W. D. Ashford, and family. Mr. Ashford left Tuesday morning, in company with John Young of Pickering, for Fulton, Mo., where they will visit a short time with Mr. Ashford's sister, and will then go to Southern Missouri to spend the winter trapping and hunting.

For Library Fund.

A box social will be given at Conception Junction Thursday night for the benefit of the school library fund. The young people will enjoy a dance later in the evening.

Home From Colorado.

Mrs. J. M. Hosmer returned Wednesday noon from Colorado Springs, Col., where she has been visiting her son, Dr. Charles Hosmer, and family.

Mr. and Mrs. Lee DeVore of Ravenwood and Mrs. DeVore's daughter, Mrs. Clifton Carnagey of Pierre, S. D., were shopping in Maryville Wednesday.

Miss Altha McGraw went to Springfield Tuesday evening to attend the State Teachers' meeting.

Mrs. I. N. Barnes of Barnard was in Maryville Tuesday.

Mrs. L. E. Watson of Pickering was in Maryville Wednesday.

CUPID'S LABOR LOST

MATRIMONIAL TROUBLES OF MR. AND MRS. BEEDLE AIRED.

FINED $5 FOR ASSAULT

Dan Stundon Came Out Second Best in Fight and Clyde Patterson Must Pay for His Fun.

Again the labor of Cupid was all for naught when a decree of divorce was granted Georgia C. Beedle from Ralph F. Beedle in the continuation of Judge Ellison's court Wednesday morning. Mrs. Beedle's maiden name of Georgia C. Williams was restored.

In the case of John S. Bilby against Samuel M. Strader, heirs et al., W. E. Wiles was appointed as attorney for the unknown heirs.

The case of the state against Clyde Patterson, charged with common assault, was decided Wednesday also. Patterson got into an argument with Dan Stundon one day last summer and the men came to blows. Stunden came out of the fight second best, and he immediately caused Patterson's arrest. The defendant was fined $5 and costs.

The suit for damages brought by Charles D. Skidmore against Frederick Breit was on trial as the paper went to press this afternoon. Cook, Cummins & Dawson represent the plaintiff, and Shinabargar, Blagg & Ellison the defendant.

CONCERT AT PICKERING.

M. E. Church Choir Will Give a Program at the Church Friday Evening, November 15.

The choir of the M. E. church at Pickering will present the following excellent program in the church Friday evening.

Columbia—Methodist choir.

Quartet, When de Band is Playin' Dixie—Messrs. King, Wiley, Wolfers and Wray.

Morning song—Ladies chorus.

Reading—Miss Golda Roach.

Orchestra—Misses Everhart and Mrs. Roy Wolfers.

Vocal solo, selected—Mrs. Roy Wolfers.

Piano solo, Grand Concert March—Mrs. Walter Johnson.

Quartet, The Bees—Miss Beulah Everhart, Mrs. Roy Wolfers, Messrs. King and Wray.

Voices of the Wood—Ladies' chorus.

Vocal solo—Anchored—Miss Beulah Everhart.

Quartet, selected—Messrs. King, Wiley, Wolfers and Wray.

Character song, Sunflower Girl.

A silver offering will be accepted at the door. Everybody is cordially invited to attend this concert.

WATSON AND VANDERSLOOT STAR

In Normal Basket Ball Tournament Games.

It was shoe company against shoe company in the Normal basket ball tournament Tuesday evening, when the Montgomery Shoe Co. team met and vanquished the Bee Hives by a count of 16 to 6. As usual, Harvey Watson was the main strength of the Montgomery Shoe Co. team. He got away with five field goals and three free ones. This man Watson is bound to be heard from when the call for candidates for the first squad comes.

The other game of the evening was between the Bull Mooses and the Berney Harris'. Contrary to the example set by their champion, the Moosers won—well, oughtn't they win, having the nerve to continue to call themselves Bull Mooses after what happened one Tuesday not so very long ago? The score was 14 to 7. Cap. Vandersloot was the principal reason for the Moorers' victory, although Jones at center played a consistent game for the winners.

Mrs. W. M. Henson returned to her home in Hopkins Wednesday, after a few days' visit in Maryville with Misses Mollie and Lou Henderson and at Burlington Junction with Mrs. E. E. Hackett. Mrs. Henson came to Maryville last week for the teachers' meeting, and attended all the sessions.

Mrs. Darius Moberly and daughter, Thelma, of Oakland, Cal., who have been visiting at the home of Chief of Police Elmer Moberly, went to Pickering Wednesday to visit Mrs. Davis Moberly and Miss Lanta Moberly.

Mrs. J. J. Mahoney left Wednesday evening for Meridan, Kan., to visit her daughter, Mrs. Edward Moran for a few weeks.

FUND FOR EMPLOYES.

Bell System and Western Union Join in New Plan.

Ten millions of dollars, it was announced last week, will be appropriated on January 1, 1913, by the associated interests controlling the Bell telephone system, the Western Union Telegraph company and the Western Electrical company, as a permanent pension fund for their 175,000 employes. Including the dependent of these workers, 250,000 persons will be in line for benefits.

Sick benefits and life insurance will be provided out of this fund, as well as payments to veteran employes whose years of service shall entitle them to retirement on pay sufficient to care for the needs of their old age.

Annual appropriations from the treasuries of the allied companies will keep this fund up to the $10,000,000 mark, and it will be administered solely in the interests of the industrial army serving the three concerns, an army more than twice as large as the standing military force of the United States.

The companies will exact no contributions of any nature from their employes for the inauguration or upkeep of this pension fund, nor will the men be called upon to bear any share in the cost of its administration, although this in itself will be a considerable item of expense. One aim of the companies is to make the application of the pension, sick benefit and life insurance moneys as democratic as possible, employes of every rank sharing equally in the distribution on a pro rata salary basis. The plan will provide for free change of employment from one concern to any of the others, with full credit for the combined terms of service.

Of the 175,000 employes of the allied interests subscribing to the new pension plan, 130,000 are at work for the Bell telephone system. The total yearly pay of the entire group is about $115,000,000, with $8,000,000 a year representing the pay roll of the Bell system.

The terms by which provision is made for the needs of age, illness, accident and death have been summarized in the announcement of President T. U. Vail in the following manner:

Male employes who have reached the age of 60 years and who have been twenty years or more in service may retire on pensions. They may be retired at the option of the company when they have reached the age of 55 years and have been twenty-five years or more in service. The pension age of female employes is in case five years younger than that of male employes. Any employe who has been thirty years in service, regardless of age, may be pensioned on the approval of the president of the company.

The amount of the pension is automatically based on the years of service and the amount of pay and will be 1 per cent of the average annual pay for ten years, multiplied by the number of years of service. Therefore, a man who had been thirty years in service would get 30 per cent of the average salary which he had been receiving during his last ten years of service. No pension will be less than $20 a month.

BURNED THE FURNITURE.

Demented Man With Mania for Setting Fire to Articles Around the House Sent to the Asylum.

Riley Scovil, 42 years old, a half-witted deaf mute living in the east part of town, was arraigned before the county court Wednesday afternoon and adjudged insane and a dangerous character. He will be taken to the state hospital for the insane at St. Joseph Thursday morning by Sheriff Tilson.

Although Scovil has never bothered any one he has a mania for destroying property and setting fire to different articles about the house of his mother, Mrs. Sarah Scovil, with whom the demented man has always made his home.

On Visit to Kansas.

Mrs. George A. Wilson and daughters left Tuesday morning for Olathe, Kan., on a visit to her parents, Mr. and Mrs. Frank Reeves.

Miss Madge Alden returned to her home at Conception Junction Wednesday from a few days' visit with her cousin, Mrs. J. B. Robinson.

Miss Bessie Graham returned to her home in Clyde Wednesday from a short visit with her cousins, Misses May and Anna Parle.

Mrs. M. H. Holt went to Pickering Wednesday to visit her daughter, Mrs. Ernest Ingles.

FIRST GAME NOV. 25

BASKET BALL SCHEDULE FOR WINTER ARRANGED.

9 GAMES FOR EACH TEAM

Normals Will Meet Independents, and High School Will Play the Business College First Round.

An executive committee composed of Prof. W. M. Westbrook of the high school, Clyde Perkins of the Business college, Fred Vandersloot of the Normal, John I. Hoffman, representing the independent team, and Prof. V. I. Moore, secretary of the association, met in the Commercial club rooms Tuesday night and perfected plans for the city basket ball league.

Representatives of the above named schools met with Mr. Hoffman last week, and after electing Mr. Hoffman president of the association and V. I. Moore secretary and treasurer, and arranging for a meeting of the executive committee, the session was adjourned.

The association will be known as the Maryville Basket Ball league, and will be composed of teams representing the Normal, high school, Business college, and an independent team. The initial games will be played on Monday night, November 25, when the Normal will play the independents, and the high school meets the Business college.

All games will be played at the Normal gymnasium, but whether the games will be played at 7:30 in the evening or beginning at 4:35 will lie with the patrons.

Each team will play nine games, thus allowing each team to meet every other team three times. Below is the schedule for the first lap:

Monday night, November 25—Normal vs. Independents, High School vs. Business College.

Monday night, December 2—Business College vs. Independents, Normal vs. High School.

Thursday night, December 6—Business College vs. Normal, Independents vs. High School.

All games will be played under the A. A. U. rules and all other points concerning eligibility of players will be governed by the rules of the Amateur Athletic Union.

BREATH THROUGH THE EARS.

Can Thereby Avoid Tuberculosis and Lung Disease, Says Scientist.

Washington, D. C., Nov. 12.—"By breathing through the ears, tuberculosis and lung diseases can be avoided," said Dr. John G. Davis of the University of Virginia medical department before a body of medical students here today.

"This will be a rather difficult matter at first, but after practice it will come easy. Man breathed through his ears before he used the nose. In early days when man was a fish he had gills and inhaled and exhaled through them. Part of those old breathing organs still remain, and if cultivated can be used to good advantage.

"You can exhale air through the ears now. Just take a chest full of air, close the nostrils and try to exhale. The air will come out through the ears. Muscles of this old breathing organ are latent. They have not been cultivated for thousands of years. To get them into working order much practice is needed.

"I would advise mothers to train their children in this new method. It will greatly aid in the fight against lung troubles, as there would be no chance of getting infectious matter into the throat and chest.

"After a little practice the child will learn to control the muscles of his "gills." He will be able to close them or open them at will, just as does the fish.

"Originally the nose was used for smelling only and its organs for inhaling and exhaling were at a very low stage of development. After a while man began taking long, generous smells, and eventually developed his smeller into a breather at the expense of the 'gills.'

"If my advice were followed man would have two breathing organs at the end of two generations."

OUT OF THE WILDERNESS.

After twenty long years of wandering in the wilderness of defeat, the Democratic party is again in the clover field of victory. Since the formation of the republic no president has ever been chosen by a larger percentage of the electoral college than will be awarded to Woodrow Wilson by decree of the American people.

And what of the causes leading up to this signal triumph of the Democratic party? Many may be assigned, but the one acceptable cause for the turning of the people in such volume to the Democratic standard was the steadfast belief that the old party had at last shaken from every part of its management all taint of reactionary control, and that it is now as progressive in fact as in name. The party was pledged to progressive policies which the people approved.

And what of this man, Woodrow Wilson, who has been chosen to the high place at the head of the American nation? The Telegram is not a singer of praise to those who win, regardless of their merits. While we believe the personality of Governor Wilson gave him great strength with the people, we do not forget that far greater was the strength of the policies which he is pledged to advance when he shall assume his high estate. We regard Mr. Wilson one of the finest types of American manhood. We admire his erudite mind, but we more admire his love of the right. We admire his intense fealty to the spirit of American institutions, but we more admire his intense sympathy for humanity. We admire his loyalty to the great Democratic party, but we more admire that matchless courage which leads him quickly to the party's rescue when comes the danger of debauchery at the hands of a Smith or a Dix, who would disgrace the Democratic garments by carrying them in contact with reactionary principles.

Will this man who has led the Democratic party out of the wilderness of oblivion to the sunlit peaks of a world's attention, be able to do for the American people that which has been promised in his name? Will he be able to select for secretary of the treasury some citizen free from bondage to Wall street? Will he be able to find a secretary of the navy not susceptible to the wiles of the steel trust? Will he be able to name an attorney general who honestly believes that prisons were built for the owners of criminal wealth, as well as for men in the common walks, or for the friendless poor. Will he be able to appoint judges to the federal bench without first consulting the pleasure of the great corporations?

Strength to the arm, and courage to the heart of Woodrow Wilson, so that he may dare and do the things which the American people have elected him to do. Woodrow Wilson believes in the common people. He believes in the brotherhood of man. He believes in God. Thus armed, he cannot fail to do all that has been promised in his name.—Columbus, (Neb.) Telegram.

COUNTRY BOYS NOT STRONGEST

Athletic Director at M. U. Finds Youth From Cities Physically Superior to Those From Farms.

Columbia, Mo., Nov. 13.—Men from the farms of Missouri who have come to the University of Missouri for the short course in agriculture are physically inferior to the students from the cities, according to O. F. Field, instructor in athletics.

Mr. Field has examined the farmer boys and finds that they are unevenly developed. The muscles of the arms and shoulders are usually overdeveloped and the grip weak. The city men who had had some physical training have much better built bodies than the agricultural students.

A special class has just been started at the gymnasium for the short course men. These men will be given an hour's gym work two nights a week. The exercises will be planned to overcome the physical faults of the farmer boys to give them all round bodily development.

Mr. Field will also give the men instructions in how to plan and direct the work on the rural playgrounds that should be established in farm communities.

Odd Things About the Presidency.

It is rather an interesting fact that of the twenty-six men who have been elected president of the United States, including Woodrow Wilson, only eight have had second given names. Three of these double-name presidents came prior to the civil war—John Quincy Adams in 1824, William Henry Harrison in 1840, and James K. Polk in 1844. The other five have come since the war—U. S. Grant in 1868 and 1872, R. B. Hays in 1876, James A. Garfield in 1880, Chester A. Arthur, who succeeded Garfield, and William H. Taft, the present incumbent of the presidential office. All the other presidents have had but a single given name, from George Washington, John Adams and Thomas Jefferson, in the early days of the republic, down to Grover Cleveland, William McKinley, Theodore Roosevelt and Woodrow Wilson in these later days.

William McKinley was the only smooth shaven president since before the civil war, and Woodrow Wilson will make the second. Of the presidents from Lincoln's time, Lincoln, Grant, Hayes, Garfield and Harrison wore full beards. Arthur wore burnsides, while Cleveland, Roosevelt and Taft contented themselves with modest mustaches. All of the earlier presidents were without hair on the face.

Now, that Mr. Wilson, without beard, has been elected president, it may be in order to say that no Democratic candidate for the presidency for fifty or sixty years has worn an actual full beard. Stephen A. Douglas was smooth shaven, and McClellan wore only a mustache when he was nominated in 1864.

Seymour was smooth shaven when a candidate in 1868, and the Greeley beard was like that of a goat, far below the chin, leaving his face absolutely clean. Tilden's face as a candidate, in 1876, was without hirsute adornment, and Hancock, with mustache and goatee, had smooth shaven cheeks. Cleveland had only a mustache, and Bryan has always been without beard or mustache. Parker was without beard when a candidate in 1904.

On the other hand, as already noted, exactly one-half of the Republican presidents and candidates for the presidency since 1860 (for the Republican candidates, in the main, were successful at the polls) have had beards, or modest mustaches.

Since the civil war every Republican candidate for the presidency wearing a beard has been elected, with the exception of James G. Blaine, while every smooth faced Democrat has been defeated except Wilson.—St. Joseph News-Press.

Mrs. O. P. Wade went to St. Joseph Tuesday evening for a short visit with her daughter, Mrs. J. G. Tribley, and son, Ross Wade. She will visit J. B. Wade and family at aKnsas City, George Wade and family at Excelsior Springs and Bert Wade and family at Brookfield before returning.

"The Prison Ship" tonight at Fern.

News of Society and Womens' Clubs

Thanksgiving Market.

The ladies of St. Mary's church parish will hold a market on Wednesday before Thanksgiving day in some store uptown.

Postponed Social.

The social announced for Tuesday night at St. Mary's Catholic church was postponed until tonight on account of the bad weather.

Aid Society Thursday.

The Ladies' Aid society of the First M. E. church will meet at the church Thursday afternoon, to make further arrangements for the bazaar November 21-22. All members are earnestly urged to be present.

M. I. Circle Tuesday.

Mrs. W. B. Christy entertained the M. I. Circle at her home Tuesday afternoon. The papers were all entertaining and profitable, and the afternoon proved very pleasant, although the weather was gloomy and threatening. Devotions were led by Mrs. J. F. Cook. Roll call was responded to by the names of Dutch artists. The papers given were "Rural Life in Holland," by Mrs. W. A. Blagg; "Noted People in Dutch History," by Mrs. J. E. Melvin. A drill in pronunciation was given by Mrs. I. W. Nixon. Mrs. W. A. Bailey acted as critic. The next meeting of the Circle will be with Mrs. J. E. Melvin.

A Birthday Surprise.

As Mrs. Emma Conklin was busily engaged in helping her husband husk corn a few days ago, on their farm, northeast of the city, a company of her friends gathered in the house and spread a splendid dinner in her honor, because the day was her thirty-third birthday anniversary. She went to the house about noon to arrange a lunch and found the table and everything beautifully ready and fit for a queen. The friends waiting to receive her were Mr. and Mrs. Jacob Outs and son, B. A. Cox and son, Mrs. Guy Ridlon, son and daughter, Mrs. William Hoshor and daughters, Mr. and Mrs. Ed Bolin and daughters. The ladies of the company remained for an afternoon visit.

Her Sixty-First Birthday.

Mrs. Elizabeth Hillard was very happily surprised Tuesday evening by twenty-six children of the Jefferson school and a number of her relatives, who called at her home, 416 South Mattie street, to wish her a happy birthday, for they were afraid she would forget it was the sixty-first anniversary of her birth. Thirty-five years of that time have been lived in Maryville. There were forty-one guests and each brought her a remembrance. Every one had a good time, Mrs. Hillard giving all the children a generous treat of candy. All departed at 10 o'clock, wishing her many happy returns of the day. The children were Mattie, Lora and Irene Sharp, Earl, Vera and Velma Eisenman, Myrtle and Edward Frost, Myrtle and Iva Hawkins, Mattie and Rinda Seals, William Laughlin, Lester, Murl, Ruth and Herschel Fite, Pearl, Charles and Marie Kissinger, Neva Glasgow, Anna, Elizabeth and Donovan Hillard.

Addressed Club Women.

The women of the Twentieth Century club and their guests gathered at the Elks club Tuesday afternoon to hear Miss Louise Stanley of the household economics department of the state university in her second address to them. Miss Stanley gave a general treatment of domestic science, but this time she spoke of "Mineral Matter in the Diet." She selected this subject, she said, because we hear so much these days about the amount of food we should eat and about the kind of food it should be to sustain the most healthful conditions. The mineral element is the most important of all the elements of the body, because it gives rigidity, elasticity and strength to every part of the body. The next two in importance are calcium and phosphorus. These three elements are the most likely to become deficient or show disturbance of any in the body, and this is the reason that knowledge of the value of foods containing the most of the elements should be used and their proper preparation for the table. In giving a list of foods that contain the most healthful properties, Miss Stanley gave lima and navy beans, peas, egg yolk, oat meal, lentels, green beans, corn meal, barley, spinach, raisins, rice, celery and onions. She insisted on the development of the flavors of vegetables instead of hiding them by various dressings and letting them boil and pouring their liquor off in the false belief that it is not good, as is the custom of some in the cooking of green beans, onions and other vegetables. The refining of goods that has taken place in late years has in many cases meant a most decided lowering of the mineral content. For example, the patent flour contains less than one-fourth the mineral matter of the Graham flour, while the low grades of flour contain almost twice as much as the high patent. Thus by the refining of the flour we improve certain characteristics of the bread, as texture and color, but the mineral content is decidedly lowered. Polishing of rice is another example. But by far the greatest loss of mineral matter occurs, however, from the ordinary methods of cooking vegetables. Somehow the American woman fails to appreciate the value of vegetable foods and does not seem able to make the most of them. Perhaps the American man is back of it all, when he demands meat and more meat. To her mind they are all to be cooked the same way, boiled, and the colander hanging over the sink too often tells the story what happened to the water in which these vegetables have been cooked. And why is this water valuable? Because, in this water, along with other soluble material, is contained approximately half of the mineral matter originally present in the vegetable.

Miss Stanley conducted an interesting quiz after her talk, and she was asked many questions in regard to the proper cooking of various things, which she answered to the clear understanding of all.

Miss Nelle Nesbitt followed, and told of the work the agricultural department of the state university is starting for the benefit of the women of the state, in connection with the work of the state board, to hold institutes for them in connection with the farmers' institutes, where they may meet and hear lectures on household affairs by specially trained people in these lines. She spoke of Nodaway county as being the first county mentioned in connection with this work by the state workers in starting the movement, because our farmers have high standing in the state, and it was presumed that the women of the county are equally interested in everything that will help them to better fill their places as homemakers. Miss Nesbitt said that in Canada the work of the women far exceeds that of the men in their respective places.

Among the guests to hear Miss Stanley and Miss Nesbitt were Miss Hettie Anthony of the domestic science department of the Northwest Normal and her advanced class in domestic science

Dance at Clearmont.

KEEP THE CHILDREN'S BOWELS CLEAN NOW.

If Tongue is Coated, Stomach Sour, Breath Feverish, Bowels Clogged, Give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and thirty feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen, mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

Mrs. Bert Charles Very Ill.

Mrs. Bert Charles, a daughter of Mr. and Mrs. D. Donahue, living north of Maryville, is lying very ill at St. Francis hospital, where she has been a patient for several weeks.

GOOD NEWS.

Many Maryville Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Maryville are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

J. E. Bratcher, 1302 East Second street, Maryville, Mo., says: "It gives me pleasure to verify the testimonial I gave for Doan's Kidney Pills some years ago. I had kidney complaint and Doan's Kidney Pills relieved it. Others in the family have used this remedy for backache and kidney trouble and it has always done good work. I got Doan's Kidney Pills at Love & Gaugh's drug store and can say that they are a fine kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

Returned From Colorado.

Thomas Cunningham returned Wednesday morning from Lamar, Col., where he has been spending several weeks with his daughter, Mrs. Henry McAuliffe.

World's Greatest Catarrh Remedy.

Just breathe Booth's HYOMEI for five minutes and the penetrating antiseptic air from the Eucalyptus forests of Australia will soothe the sore catarrhal membrane and give wonderful relief.

Being such an efficient remedy; absolutely willing at the makers' request to guarantee HYOMEI for catarrh, croup, catarrhal deafness, coughs, colds, sore throat and bronchitis or money back. The little book in each package tells how simple it is to get rid of all these distressing diseases. Complete HYOMEI outfit, including pocket inhaler, $1.00; extra bottles, 50 cents at dealers everywhere.—Advertisement.

Mrs. J. A. Wiley and Mrs. W. P. Scott of Pickering were among the shoppers in Maryville Tuesday.

Every inch one pushes beyond the normal distance of 12 inches after eye-failure begins at 38, means an inch of danger. Ninety-nine persons out of a hundred may do it with safety. You may be the one that can't. The man having the best eyes when old age comes will be the one that needs this first call for help.

DR. FINN, Optician.

PUTS ARMISTICE UP TO BULGARIA

Turks Make Direct Appeal for Arrangement of Peace Terms.

LITTLE NEWS OF GREAT BATTLE

Soldiers and Officers Who Fled Before Enemy Executed at Constantinople—No New Developments in Diplomatic Field.

Constantinople, Nov. 13.—The porte has applied direct to Bulgaria, seeking to arrange an armistice, according to the reports current in the capital.

An open letter written by Prince Seba Heddin and addressed to the sultan, is published in the form of a pamphlet and sold in the streets. The proceeds will go to the benefit of the Red Crescent society, and the pamphlet has been eagerly bought. The prince says in substance:

"The enemies of the country are not the Balkan states, but we ourselves who have proved incapable of governing the country. If we take a lesson from past errors, then there is hope of improvement."

Seventeen soldiers and one officer who fled before the enemy at Kirk Kilisseh were executed in the outskirts of the city. The death sentence has spread panic among the remainder of the troops.

Progress of Allies Slow.

London, Nov. 13.—There is no news as yet either from Sofia or Constantinople, as to how the great battle at Tchatalja is going and it is rumored that Turkey is asking Bulgaria to arrange an armistice.

In the other fields of war operation the progress of the allies in slow. The Servians and Greeks have not yet reached Monastir, where, it is reported, Ali Riza Pasha, the former Turkish minister of war, has 50,000 troops prepared to offer a vigorous resistance.

The Montenegrins have suffered a setback in their prolonged efforts to capture Scutari, largely owing to the defection of the Malissori tribes, who demand guarantees of Albanian independence.

Optimism Prevails.

The Greek advance in the direction of Janina also appears to be retarded. It is probable that weather conditions have much to do with the slow progress.

In the diplomatic field no fresh development is reported. Important conferences continue at Budapest, where the former premier of Rumania, P. P. Carp, arrived with a letter from King Charles to Emperor Francis Joseph.

In most of the European capitals a more hopeful feeling is displayed that peace will not be disturbed by the Austro-Servian difficulties.

If the wishes of the Albanians weigh in the permanent settlement of the Balkan question, Albania will be made an independent principality, as the Triple Alliance proposes, rather than subject of any of the Balkan states.

CONTEST IN KANSAS IS CERTAIN

Gubernatorial Election Figures Still Uncertain, With Neither Candidate Admitting Defeat.

Topeka, Nov. 13.—The Kansas gubernatorial situation is just as muddled now as any time since election day. Capper claims he has a plurality of 26, going from six to 52 and back during the day. The Democratic headquarters started with a plurality of 242 claimed for Hodges, and by night Henderson Martin, chairman, simply said: "Hodges is elected."

Reports have been received from all the counties and the reports are supposed to be official, but the real certificates continue to make changes. There are 45 counties from which official figures have been received by the secretary of state. Martin said he was expecting Capper to bring a contest and was preparing for it.

Restore Naval Prison Ship.

Annapolis, Nov. 13.—Simple confinement to quarters is not sufficient punishment for infractions of the rules at the Naval academy, according to Supt. J. H. Gibbons. He has restored the custom of imprisoning fractious cadets in a stationship. The old Reina Mercedes, captured from Spain in 1898, has been anchored in the Severn and cadets are confined to the vessel after the day's recitations and meals.

Sedalia Has a Mystery.

Sedalia, Mo., Nov. 13.—A human hand, apparently that of a white woman, clinging to one of the bones of the right forearm by a ligament, was found by Sam Gordon, a negro laborer, in a dump pile near his home. The hand was taken to police headquarters, and an investigation was started. The first joint of the little finger of the hand is missing.

Snead Again on Trial.

Fort Worth, Tex., Nov. 13.—The second trial of John Sneed, charged with the murder of Capt. A. C. Boyce, January 13, 1912, because Boyce's son eloped with Mrs. Snead, was called in the Potter county criminal court. Snead later killed the younger Boyce also.

JOHNSON'S CASE TO WASHINGTON

Judge Refuses $40,000 Cash Bond for Negro Pugilist.

MORE INDICTMENTS RETURNED

Prosecution Fears Black May Flee Country if Even Temporarily Released—Same Bond May Be Asked on Each Count.

Chicago, Nov. 13.—Coincident with the refusal of Judge George A. Carpenter of the United States district court to accept a cash bond of $40,000 from "Jack" Johnson, negro pugilist, the United States district attorney's office began preparations to rush Johnson to trial, to prevent him leaving the country.

Johnson is due to sail for Europe November 30, to fill some prize fighting engagements. In the event the United States supreme court at Washington orders his release on the bonds he has offered, he would be at liberty to flee the courts. His return, in such a case, is regarded as doubtful.

United States District Attorney Wilkerson is bending every effort to bring Johnson to trial next week.

Grand Jury Still Working.

The federal grand jury is similarly active. The scope of the inquiry into Johnson's alleged violations of the Mann act has suddenly broadened, and the probe now has to do with his every action as far back as the law allows. The statute of limitations limits the prosecution to the past three years.

Up to the present time, five indictments have been returned against Johnson all charging violations of the Mann act in his relations with a white woman named Belle Schrieber, formerly known as Mrs. Jack Johnson.

Intimations from the grand jury room indicated that further sensational disclosures are to be expected, involving the negro prizefighter's relations with other white women. Agents of the department of justice have been scouring the country for evidence against the negro, and their reports are being received daily.

No Liberty in Sight.

Interest in the Johnson case shifts at present to Washington, where the United States supreme court again takes up the matter of the negro's appeal for a motion to order his release on the bonds he has offered.

Even if the supreme court grants the order, Johnson's way to temporary liberty is by no means clear.

In case the order is granted, it is the intention of District Attorney Wilkerson to immediately ask Judge Carpenter to fix additional bonds of $40,000 on the four more recent indictments.

INDEPENDENCE FOR FILIPINOS

Leading Democrats Plan to Arrange for Passage of Bill in House early in Session.

Washington, Nov. 13.—July 4, Uncle Sam's Independence day, also will be that of the Filipinos, it has just been learned if plans of leading Democrats do not go awry.

To give the Filipinos limited independence July 4, 1913, is planned if a special session of congress is held next spring. Chairman Henry of the house rules committee stated that one of the very first measures to go before the house this winter, with every prospect of passing, was the Philippine independence bill. That measure, drafted by Chairman Jones, Democratic member from Virginia, of the house insular affairs committee, is now on the calendar.

Mob Violence Feared.

Springfield, Mo., Nov. 13.—As a result of threats made to lynch a prisoner, Sheriff W. E. Freeman spirited Henry Pate, a negro, out of the Greene county jail and hurried him to Marshfield in an automobile, where he will be in safekeeping until his trial here in the criminal court. Pate is charged with attacking a white girl at a hotel here. There has been much talk of mob violence in the streets.

Diaz's Escape Reported.

Louisville, Ky., Nov. 13.—Gen. Felix Diaz, nephew of former President Porfiro Diaz of Mexico, who was sentenced to death by court-martial for leading a revolution against the Madero government, has escaped from prison at Vera Cruz by bribing sentries, according to information from R. H. Dickerson at Oaxaca, Mexico. Diaz is said to have been smuggled aboard a ship and carried down the coast.

Wilson Ahead in California.

San Francisco, Nov. 13.—Woodrow Wilson swung ahead of Theodore Roosevelt by 15 votes, according to telegraphic reports of the official count now being made. Five precincts remain to be heard from. Of these, four probably favor Wilson and one Roosevelt.

Snow Falling in Kansas.

Salina, Kan., Nov. 13.—A heavy snow is falling between Oakley and Plainville, Kan. Light cold rain is reported east of there. The weather is very cold for this time of year.

Robinson's Mammoth Poland-Chinas

I Will Sell at Private Sale

About thirty boars as follows:

Two two year olds, weighing about 650 and 750 lbs. One yearling, weight about 550 lbs. Five fall yearlings, weight from 350 to 450 lbs. Twenty spring boars of April and May farrow, welght 150 to 225 lbs.

This stuff is all my own breeding, and are the kind that get as big as steers, because they are bred that way and can't help growing.

They have all been treated with the University of Missouri Serum, and are in fine healthy breeding condition.

I need room for my fall pigs, and in order to get ready for my sow sale later on, and will price this stuff right in order to move it quick.

They can be seen at the farm, Northwest corner of Maryville, or will guarantee satisfaction on mail or phone orders.

F. P. Robinson, Maryville, Mo.

Automobile Insurance

I have just accepted an agency that protects all lines, any where, all the time, at minimum cost. Fire, theft, accident and property damage. No man can afford a car without protection. See me now.

To the Ladies of Maryville and Vicinity

The Richardson Ladies' Tailoring and Dressmaking School now has over twenty students enrolled, who are taking the fall and winter course, and new students are enrolling daily. This school is meeting with good success, and we have decided to take in students the remainder of this week and give them the extreme low price of $25.00 for both courses, including drafting, designing, reproducing and fitting. Also sewing, making, finishing, pressing and tailoring, with unlimited instructions in the drafting and pattern making departments, with thirty days in the sewing and finishing department, with a complete set of the well known Richardson Tailor System included with their lessons, all for one price, $25.00. Students can pay $10.00 down when they register and the balance of $15.00 in thirty days. You can bring your own materials and sew on your own clothing while taking this course.

The following named ladies are a few of the ones who have entered the school here:

Miss Maybird Carver.
Mrs. Clara Myers.
Miss Ola King.
Miss Julie Vincent.
Miss Agatha Kirch.
Miss Flora Ellsworth.
Miss Josie Hagan.
Mrs. M. J. Boatman.
Miss Gertrude Kirch.
Miss Ruth White.
Miss Cornelia Faubion.
Miss Ora King.
Mrs. Martha J. Cook.
Miss Elizabeth Doran.
Miss Theresa Goodwin.
Mrs. Nannie Spoor.
Miss Lula Collins.
Mrs. Edith Lugar.
Miss Lena Bosley.

Remember, this low rate is for students that will enroll this week only, which only takes in four more days from today. This school will remain here all the winter, and all next year, and longer if we can get students enough to justify us to remain. This is your school, and I want you to help me to make it a success here in your city.

Students can make their own garments while learning, or sew for others.

NEW FIRE RATES ARE HELD UP

SUPERINTENDENT BLAKE REFUSES TO FILE SCHEDULE.

Ruling Suspends Operation of New Law and Leaves Competitive Rates Still in Force.

Jefferson City, Nov. 12.—Frank Blake, state superintendent of insurance, has made a ruling in which he holds that the basis schedules upon which fire insurance companies propose to base their rates are unjust, unreasonable and discriminatory. Blake's order prohibits the companies affected by the ruling from filing with the state insurance department their new rates, now about ready, until further notice from his department.

This ruling suspends the operation of the new rating law and leaves in effect the old competitive rates in Missouri.

In the past year the fire companies have been rerating the state. This work, except for part of St. Louis, has been completed, and James A. Waterworth, rating expert, recently stated that the new rates would be ready for filing by the latter part of November.

The new rating law gives to the superintendent power to reduce or increase insurance rates. He has complete supervision over the rates charged in Missouri. This law is patterned after that in operation in Kansas, which has proved satisfactory alike to agents and the people, but not to the companies.

This action of Blake's is likely to be followed by litigation, in which the companies will assail the validity of the new rating law. It is probable a suit in mandamus will be filed in the Missouri supreme court to compel Blake to permit the filing of the new rates when they are ready. Blake holds these are much too high and that he will not put them into effect nor even permit them to be filed in his department until new and reasonable basis schedules are prepared.

TRAMPS MURDER MOBERLY MAN

After Holdup Robbers Were Joined by Ten Others, all Armed—Posse Searching Woods.

Moberly, Mo., Nov. 12.—George Blake was shot and killed by two unidentified men within a few blocks of the business district here. Blake and three companions had been held up by the murderers, and later had taken a gun and gone in search of them.

The robbers were hiding behind a pile of steel rails and shot him through the abdomen. The murderers then made their escape into the woods west of the city and were joined by ten other tramps, all of whom are armed.

A posse headed by Chief of Police Fleming searched for the two murderers all afternoon, but returned to Moberly for re-enforcements when it was learned the tramps had been joined by ten companions.

The officers anticipate a battle, with more deaths probable, before the men are caught.

RECALL AMENDMENT IS ADOPTED

Both Propositions, Affecting Elective and Appointive Officials of Colorado, Carried.

Denver, Nov. 11.—Every elective and appointive official in Colorado, including judges, will be subject to the recall when the constitutional amendment submitted at Tuesday's election goes into effect.

Reports from about half the counties indicate that this measure and another, providing for the recall of judicial decisions, have been passed by substantial pluralities. The judicial decision amendment provides for the recall only of decisions by the state supreme court involving the legality of an amendment to the state constitution.

Ornithologists at Cambridge.

Cambridge, Mass., Nov. 12.—The 30th meeting of the American Ornithologists' union opened this morning in the University Museum, and will continue through Thursday. Scientific papers will be read by Frank M. Chapman, Herbert K. Job, Prof. C. F. Hodge, Dr. Charles W. Townsend, Miss Althea R. Sherman, Miss Alice Hall, Walter and many others. The social part of the program is quite elaborate, beginning with a reception this afternoon at the residence of Mr. and Mrs. Charles F. Batchelder. On Friday the mebers will be entertained by Colonel and Mrs. John E. Thayer

TON OF DYNAMITE EXPLODED

SIX WORKMEN KILLED IN POWDER FACTORY.

Shock Broke Windows in Town a Mile Away—Men Were Repairing Machine.

Gary, Ind., Nov. 13.—Six men were killed by an explosion of 2,000 pounds of dynamite in one of the pack houses at the plant of the Aetna Powder company near Gary.

The dead include William Halpin, foreman; Charles Schmidt, C. O. Carlson and three unidentified workmen. Several workmen are reported to have been injured, but officials of the powder company deny it.

The men who lost their lives were repairing a packing machine when the explosion happened.

The dynamite was loose in 100-pound lots on the packing trays and except for that the accident would have been much more severe.

A South Shore suburban train was within a few hundred yards of the plant but no one on the train was injured, although the shock broke windows in the town of Miller, a mile distant.

The buildings are sunk in the ground only the skylight being above the surface, and are widely separated. That arrangement of buildings prevented complete destruction of the plant.

Buy Illinois sutless lump coal at $4.50 per ton. WM. EVERHART.

PARISIAN SAGE FOR WOMEN.

Madam: Do You Want an Abundance of Lustrous Hair With no Dandruff of Germs?

Before you finish one bottle of delightful PARISIAN Sage hair tonic, falling hair will cease; scalp itch will be but a memory and all dandruff will vanish.

Besides this your hair will be free from dandruff germs, and PARISIAN Sage will so nourish the hair roots that the hair itself will become full of life and nature's own radiant color.

PARISIAN Sage is not a dye—it does not contain dangerous lead or any other poisonous ingredient. For your own protection ask for PARISIAN Sage and request your dealer not to give you any preparation containing lead or nitrate of silver. Large bottle of PARISIAN Sage costs but 50 cents at dealers America over. The Koch pharmacy guarantees it.—Advertisement.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Koch Pharmacy.

Did You Ever Spend a Winter in the South?

Did you ever visit the many delightful resorts along the Gulf Coast?
Did you ever go motoring along Florida's beaches?
Did you ever go touring through scenic Cuba?
Have you ever enjoyed the many delights of a trip through Southern Texas?
Have you ever traveled through Old Mexico where the cold northern winter is turned to balmy summer?

Why Not Go This Winter?

There are special winter tourist rates to all principal points. The cost is low. The climate is positively ideal. The resorts are numerous. The hotels are good. The opportunities for all forms of out-door sports are almost without limit. And the trip will bring the most pleasure, if you go via the Burlington.

Come in and let's talk it over. If I haven't detailed information about the attractions of the particula place you wish to visit, I can and will get them for you in a hurry.

W. E. GOFORTH, Ticket Agent.

600 FREE SCHOLARSHIPS

Two Hundred Free Scholarships Apportioned to Nodaway County and 400 to Other Counties.

If plans now being formed are matured, the Northwest Normal will get behind the movement for the branch short course in agriculture, and instead of its being a purely local affair the course arranged will have pupils from all over the normal district.

The plan proposed, and the one likely to be carried out is for the Normal and the local committee from the Commercial club to divide the expense. It is intended that there shall be 600 free scholarships, of which number Nodaway county farmers are to have 200, the balance being divided among the other eighteen counties in the normal district. The course generally will be under the supervision of the agricultural department of the state university, but outside talent will also be secured, the idea being that this is to be made the most important of any held in the state, unless it be the one at Columbia itself. The programs will be arranged by the local committee, except for one day, which is devoted to the Rural Community Life work, and that program will be in charge of R. T. Forbes of St. Joseph, the president of the association. The course is to be held at the Normal, the second week in February, as originally planned, and with the widened scope of the work will undoubtedly draw a large attendance of farmers for the week.

About 150 Nodaway county farmers have signified their intention of taking the course, and more will undoubtedly wish to do so. When the 200 free scholarships to which Nodaway county is entitled are exhausted a fee of $2.50 will be charged, and those wishing to come in under the free scholarships will have to hurry to avail themselves of the privilege. Applications should be mailed to J. F. Hull, the secretary, or D. R. Eversole the president, or handed to any member of the local committee from the Commercial club.

The work of securing attendance from other counties in the district is to be pushed with vigor, and those who know the strenuous manner in which Dr. Taylor campaigns have little doubt of the result.

Nodaway county is gaining an enviable reputation for her work in this line, as is evidenced by the statement of Miss Nelle Nesbitt of the agricultural department of the state university to the ladies of the Twentieth Century club in speaking of the proposed undertaking of the department for work among the women of the state, that Nodaway county was the first county mentioned as one in which to take up the work.

Holmes Residence Sold.

Dan Holmes sold his residence in Holmes Heights Monday to Byron Rhodes, the real estate man, for $3,500. Mr. Rhoades and his family expect to take possession of the residence the first of December. Mr. Holmes and his family will go to Kansas City in January to make their home.

Mrs. Everett E. Bailey returned to her home in Parnell Wednesday from a visit with her parents, Mr. and Mrs. Hugh Ledgerwood.

DO YOU WEAR GLASSES?

IF SO are you satisfied that they have been fitted to your eyes in a correct and proper manner?

HAVE THEY GIVEN YOUR EYES that relief which you expected they would?

ARE YOUR EYE MUSCLES following their natural laws as they should do with correctly fitted Glasses.

WOULD YOU LIKE MY OPINION? I will give it to you willingly, FREE OF CHARGE.

MY SYSTEM of Eyesight Testing has no superior.

MY LONG YEARS' EXPERIENCE is behind this system.

PRICES MODERATE.

Jeweler and Optician, Maryville, Mo.

SENT UP FOR TEN YEARS.

John Sollers, Who Was Arrested at Clyde a Year Ago, Received Sentence at St. Joseph.

The following is from the St. Joseph News-Press about John Sollers, who was arrested at Clyde a year ago:

In overruling a motion to reduce the sentence in the case of John Sollers, 19 years old, convicted of the murder of Fred Williams, a boy of his age. Judge Ryan of the criminal court yesterday said Sollers had not shown a proper spirit of repentance. He mentioned the knife with which Sollers had killed his friend.

"I was much impressed," he said, "and I'm sure the jury was impressed, by the fact that Sollers, at the time of his arrest at Clyde, still had in his possession the knife with which he inflicted the fatal wound. He had carried it with him in his flight from St. Joseph to Omaha and throughout all his travels. It reminded me of the desperado who cut a notch in the handle of his pistol for every man he killed. I'm sure that if Sollers had repented that act he would have gotten rid of that knife just as quickly as possible."

M. G. Moran, an attorney for the defense, argued that ten years is a long time for a young man to spend in the penitentiary, and that half that time would do just as much good. The purpose of punishment, he said, is not retribution, but reform. Nine members of the jury that tried the case, he said, had recommended that the sentence be reduced, and the remaining three members had not been seen.

Judge Ryan said that, under the law, ten years is the minimum sentence for murder in the second degree.

"The only course open to me," resumed the court, "would be to set aside the verdict and permit the prisoner to plead guilty to manslaughter; and I can't do that without the prosecuting attorney's consent, and he refuses to give his consent. I agree with counsel that this crime is the result of the defendant's early training, and I don't think a young man like that should be sent to the penitentiary. I sincerely hope that the next legislature will provide a reformatory for offenders of this class, that they may not be compelled to mingle with hardened criminals."

The court summoned the prisoner to receive his sentence of ten years in the penitentiary, but at this juncture Charles F. Keller, another attorney for the defense, said he would file a motion in arrest of judgment. It was inferred from this that an appeal is contemplated.

During the proceedings Sollers' mother sat beside him, silently weeping. His wife has obtained a divorce since his conviction.

To Their Nephew's Funeral.

Mr. and Mrs. Charles E. Ballinger, living south of Maryville, went to Stanberry Wednesday to attend the funeral services of their nephew, George Whitten, who died in Kansas City Monday of meningitis. His body was brought to Stanberry for burial by his parents, Mr. and Mrs. Newton Whitten, who were summoned to Kansas City shortly before his death. The young man was 25 years old and had been employed in the First National bank of Kansas City for several years. He was a graduate of the schools of Stanberry and had taught several terms of school before going into the banking business. He was a splendid young man and his death is a severe shock to his parents and brother and sister. Mrs. Newton Whitton is a sister to Mrs. Ballinger.

To State Teachers' Meeting.

President H. K. Taylor of the State Normal, County Superintendent W. M. Oakerson, Prof. John E. Cameron, Prof. Ira Richardson, Dean G. H. Colbert and Supt. C. A. Hawkins left Tuesday evening for Springfield to attend the State Teachers' association, which will meet there this week. President Taylor is on the program and Mr. Oakerson is the chairman of the reading circle committee.

Left for California.

Ed Masters, living northwest of Maryville, left Tuesday evening for Los Angeles, Cal., to join his wife and daughter, who have been there for about three months for their daughter's health. Mr. and Mrs. Masters will make their home there until their daughter has improved enough to make their return safe. Their farm, near Wilcox, is being managed by their son, Ralph Masters.

Sick of Appendicitis.

Samuel Cox, a State Normal student, who was operated on at St. Francis hospital Monday for appendicitis, is doing nicely.

BANQUET A SUCCESS

FRIED CHICKEN SERVED TO MEN OF PRESBYTERIAN CHURCH.

TO ORGANIZE MEN'S CLASS

After Listening to Talks by Mr. VanCleve and Dr. Martin, and Music, Steps Were Taken to That End.

Taking into consideration the fact that the condition of the weather Tuesday night was anything but pleasant, the thirty-one men of the Men's club of the First Presbyterian church who sat down to their first club banquet demonstrates that the men are determined to make the club a success. The banquet consisted of a grand fried chicken supper, which was served by the Ladies' Aid society.

Mr. George Demott, president of the club, introduced Judge Crawford, the toastmaster of the evening, who in turn introduced Mr. W. C. VanCleve. Mr. VanCleve talked of "Washington as I Have Seen It," which proved to be full of most interesting and humorous experiences of the speaker in the capital city.

Dr. F. M. Martin gave the banqueters some helpful pointers on "How to Keep Well." Mrs. George Eaton and Judge Crawford furnished the musical phase of the evening. Both rendered vocal selections.

Previous to the adjournment the banqueters took action relative to the formation of a men's Bible class. Plans for the completion of such an organization will be furthered next Sunday morning at the Sunday school hour.

Those present were Rev. S. D. Harkness, Ed Wells, Charles Wadley, L. C. Gobel, George Eaton, Fred Yeomans, John Richey, Joseph Jackson, Jr., Roy Curfman, Fred French, D. E. Hotchkin, M. G. Tate, Hal Hooker, William G. Sawyers, Dr. F. M. Martin, George Demott, W. H. Allen, Emory Airy, S. G. Gillam, James F. Colby, Prof. John E. Cameron, S. O. Hutchinson, B. F. Duncan, Dean George H. Colbert, W. C. VanCleve, M. A. Lewis, Hosick Holmes, H. G. Barton, James Eckles, W. H. Crawford and H. T. Crane.

DEFEATED BY 450,000 MAJORITY.

The Single Tax Amendments Did Not Carry Anywhere in the State.

Returns so far received indicate the defeat of the single tax amendments in Missouri by at least 450,000 majority. Thirty counties, including Kansas City, St. Louis and Joplin, give a majority of 149,499 against the measures.

On Visit to Kansas City.

Mr. and Mrs. W. H. Frazee and daughters left Wednesday on an extended visit in Kansas City with Mrs. Frazee's brother, E. E. Clary, and her sister, Mrs. C. H. Dalrymple. They may conclude to remain all winter. Miss Blanche Frazee went to Kansas City several weeks ago and Otto Frazee, who has been employed in the Eversole dry goods store for some time, went to Kansas City a week ago and is in the employ of Montgomery, Ward & Co.

Will Spend Winter Hunting.

Charles Ashford of near Pickering visited over Monday night in Maryville with his father, W. D. Ashford, and family. Mr. Ashford left Tuesday morning, in company with John Young of Pickering, for Fulton, Mo., where they will visit a short time with Mr. Ashford's sister, and will then go to Southern Missouri to spend the winter trapping and hunting.

For Library Fund.

A box social will be given at Conception Junction Thursday night for the benefit of the school library fund. The young people will enjoy a dance later in the evening.

Home From Colorado.

Mrs. J. M. Hosmer returned Wednesday noon from Colorado Springs, Col., where she has been visiting her son, Dr. Charles Hosmer, and family.

Mr. and Mrs. Lee DeVore of Ravenwood and Mrs. DeVore's daughter, Mrs. Clifton Carnagey of Pierre, S. D., were shopping in Maryville Wednesday.

Miss Altha McGraw went to Springfield Tuesday evening to attend the State Teachers' meeting.

Mrs. I. N. Barnes of Barnard was in Maryville Tuesday.

Mrs. L. E. Watson of Pickering was in Maryville Wednesday.

CUPID'S LABOR LOST

MATRIMONIAL TROUBLES OF MR. AND MRS. BEEDLE AIRED.

FINED $5 FOR ASSAULT

Dan Stundon Came Out Second Best in Fight and Clyde Patterson Must Pay for His Fun.

Again the labor of Cupid was all for naught when a decree of divorce was granted Georgia C. Beedle from Ralph F. Beedle in the continuation of Judge Ellison's court Wednesday morning. Mrs. Beedle's maiden name of Georgia C. Williams was restored.

In the case of John S. Bilby against Samuel M. Strader, heirs et al., W. E. Wiles was appointed as attorney for the unknown heirs.

The case of the state against Clyde Patterson, charged with common assault, was decided Wednesday also. Patterson got into an argument with Dan Stundon one day last summer and the men came to blows. Stunden came out of the fight second best, and he immediately caused Patterson's arrest. The defendant was fined $5 and costs.

The suit for damages brought by Charles D. Skidmore against Frederick Breit was on trial as the paper went to press this afternoon. Cook, Cummins & Dawson represent the plaintiff, and Shinabargar, Blagg & Ellison the defendant.

CONCERT AT PICKERING.

M. E. Church Choir Will Give a Program at the Church Friday Evening, November 15.

The choir of the M. E. church at Pickering will present the following excellent program in the church Friday evening.

Columbia—Methodist choir.

Quartet, When de Band is Playin' Dixie—Messrs. King, Wiley, Wolfers and Wray.

Morning song—Ladies chorus.

Reading—Miss Golda Roach.

Orchestra—Misses Everhart and Mrs. Roy Wolfers.

Vocal solo, selected—Mrs. Roy Wolfers.

Piano solo, Grand Concert March—Mrs. Walter Johnson.

Quartet, The Bees—Miss Beulah Everhart, Mrs. Roy Wolfers, Messrs. King and Wray.

Voices of the Wood—Ladies' chorus.

Vocal solo—Anchored—Miss Beulah Everhart.

Quartet, selected—Messrs. King, Wiley, Wolfers and Wray.

Character song, Sunflower Girl.

A silver offering will be accepted at the door. Everybody is cordially invited to attend this concert.

WATSON AND VANDERSLOOT STAR

In Normal Basket Ball Tournament Games.

It was shoe company against shoe company in the Normal basket ball tournament Tuesday evening, when the Montgomery Shoe Co. team met and vanquished the Bee Hives by a count of 16 to 6. As usual, Harvey Watson was the main strength of the Montgomery Shoe Co. team. He got away with five field goals and three free ones. This man Watson is bound to be heard from when the call for candidates for the first squad comes.

The other game of the evening was between the Bull Mooses and the Berney Harris'. Contrary to the example set by their champion, the Moosers won—well, oughtn't they win, having the nerve to continue to call themselves Bull Mooses after what happened one Tuesday not so very long ago? The score was 14 to 7. Cap. Vandersloot was the principal reason for the Moorers' victory, although Jones at center played a consistent game for the winners.

Mrs. W. M. Henson returned to her home in Hopkins Wednesday, after a few days' visit in Maryville with Misses Mollie and Lou Henderson and at Burlington Junction with Mrs. E. E. Hackett. Mrs. Henson came to Maryville last week for the teachers' meeting, and attended all the sessions.

Mrs. Darius Moberly and daughter, Thelma, of Oakland, Cal., who have been visiting at the home of Chief of Police Elmer Moberly, went to Pickering Wednesday to visit Mrs. Davis Moberly and Miss Lanta Moberly.

Mrs. J. J. Mahoney left Wednesday evening for Meridan, Kan., to visit her daughter, Mrs. Edward Moran for a few weeks.

FUND FOR EMPLOYES.

Bell System and Western Union Join in New Plan.

Ten millions of dollars, it was announced last week, will be appropriated on January 1, 1913, by the associated interests controlling the Bell telephone system, the Western Union Telegraph company and the Western Electrical company, as a permanent pension fund for their 175,000 employes. Including the dependent of these workers, 250,000 persons will be in line for benefits.

Sick benefits and life insurance will be provided out of this fund, as well as payments to veteran employes whose years of service shall entitle them to retirement on pay sufficient to care for the needs of their old age.

Annual appropriations from the treasuries of the allied companies will keep this fund up to the $10,000,000 mark, and it will be administered solely in the interests of the industrial army serving the three concerns, an army more than twice as large as the standing military force of the United States.

The companies will exact no contributions of any nature from their employes for the inauguration or upkeep of this pension fund, nor will the men be called upon to bear any share in the cost of its administration, although this in itself will be a considerable item of expense. One aim of the companies is to make the application of the pension, sick benefit and life insurance moneys as democratic as possible, employes of every rank sharing equally in the distribution on a pro rata salary basis. The plan will provide for free change of employment from one concern to any of the others, with full credit for the combined terms of service.

Of the 175,000 employes of the allied interests subscribing to the new pension plan, 130,000 are at work for the Bell telephone system. The total yearly pay of the entire group is about $115,000,000, with $8,000,000 a year representing the pay roll of the Bell system.

The terms by which provision is made for the needs of age, illness, accident and death have been summarized in the announcement of President T. U. Vail in the following manner:

Male employes who have reached the age of 60 years and who have been twenty years or more in service may retire on pensions. They may be retired at the option of the company when they have reached the age of 55 years and have been twenty-five years or more in service. The pension age of female employes is in case five years younger than that of male employes. Any employe who has been thirty years in service, regardless of age, may be pensioned on the approval of the president of the company.

The amount of the pension is automatically based on the years of service and the amount of pay and will be 1 per cent of the average annual pay for ten years, multiplied by the number of years of service. Therefore, a man who had been thirty years in service would get 30 per cent of the average salary which he had been receiving during his last ten years of service. No pension will be less than $20 a month.

BURNED THE FURNITURE.

Demented Man With Mania for Setting Fire to Articles Around the House Sent to the Asylum.

Riley Scovil, 42 years old, a half-witted deaf mute living in the east part of town, was arraigned before the county court Wednesday afternoon and adjudged insane and a dangerous character. He will be taken to the state hospital for the insane at St. Joseph Thursday morning by Sheriff Tilson.

Although Scovil has never bothered any one he has a mania for destroying property and setting fire to different articles about the house of his mother, Mrs. Sarah Scovil, with whom the demented man has always made his home.

On Visit to Kansas.

Mrs. George A. Wilson and daughters left Tuesday morning for Olathe, Kan., on a visit to her parents, Mr. and Mrs. Frank Reeves.

Miss Madge Alden returned to her home at Conception Junction Wednesday from a few days' visit with her cousin, Mrs. J. B. Robinson.

Miss Bessie Graham returned to her home in Clyde Wednesday from a short visit with her cousins, Misses May and Anna Parle.

Mrs. M. H. Holt went to Pickering Wednesday to visit her daughter, Mrs. Ernest Ingles.

FIRST GAME NOV. 25

BASKET BALL SCHEDULE FOR WINTER ARRANGED.

9 GAMES FOR EACH TEAM

Normals Will Meet Independents, and High School Will Play the Business College First Round.

An executive committee composed of Prof. W. M. Westbrook of the high school, Clyde Perkins of the Business college, Fred Vandersloot of the Normal, John I. Hoffman, representing the independent team, and Prof. V. I. Moore, secretary of the association, met in the Commercial club rooms Tuesday night and perfected plans for the city basket ball league.

Representatives of the above named schools met with Mr. Hoffman last week, and after electing Mr. Hoffman president of the association and V. I. Moore secretary and treasurer, and arranging for a meeting of the executive committee, the session was adjourned.

The association will be known as the Maryville Basket Ball league, and will be composed of teams representing the Normal, high school, Business college, and an independent team. The initial games will be played on Monday night, November 25, when the Normal will play the independents, and the high school meets the Business college.

All games will be played at the Normal gymnasium, but whether the games will be played at 7:30 in the evening or beginning at 4:35 will lie with the patrons.

Each team will play nine games, thus allowing each team to meet every other team three times. Below is the schedule for the first lap:

Monday night, November 25—Normal vs. Independents, High School vs. Business College.

Monday night, December 2—Business College vs. Independents, Normal vs. High School.

Thursday night, December 6—Business College vs. Normal, Independents vs. High School.

All games will be played under the A. A. U. rules and all other points concerning eligibility of players will be governed by the rules of the Amateur Athletic Union.

BREATH THROUGH THE EARS.

Can Thereby Avoid Tuberculosis and Lung Disease, Says Scientist.

Washington, D. C., Nov. 12.—"By breathing through the ears, tuberculosis and lung diseases can be avoided," said Dr. John G. Davis of the University of Virginia medical department before a body of medical students here today.

"This will be a rather difficult matter at first, but after practice it will come easy. Man breathed through his ears before he used the nose. In early days when man was a fish he had gills and inhaled and exhaled through them. Part of those old breathing organs still remain, and if cultivated can be used to good advantage.

"You can exhale air through the ears now. Just take a chest full of air, close the nostrils and try to exhale. The air will come out through the ears. Muscles of this old breathing organ are latent. They have not been cultivated for thousands of years. To get them into working order much practice is needed.

"I would advise mothers to train their children in this new method. It will greatly aid in the fight against lung troubles, as there would be no chance of getting infectious matter into the throat and chest.

"After a little practice the child will learn to control the muscles of his "gills." He will be able to close them or open them at will, just as does the fish.

"Originally the nose was used for smelling only and its organs for inhaling and exhaling were at a very low stage of development. After a while man began taking long, generous smells, and eventually developed his smeller into a breather at the expense of the 'gills.'

"If my advice were followed man would have two breathing organs at the end of two generations."

OUT OF THE WILDERNESS.

After twenty long years of wandering in the wilderness of defeat, the Democratic party is again in the clover field of victory. Since the formation of the republic no president has ever been chosen by a larger percentage of the electoral college than will be awarded to Woodrow Wilson by decree of the American people.

And what of the causes leading up to this signal triumph of the Democratic party? Many may be assigned, but the one acceptable cause for the turning of the people in such volume to the Democratic standard was the steadfast belief that the old party had at last shaken from every part of its management all taint of reactionary control, and that it is now as progressive in fact as in name. The party was pledged to progressive policies which the people approved.

And what of this man, Woodrow Wilson, who has been chosen to the high place at the head of the American nation? The Telegram is not a singer of praise to those who win, regardless of their merits. While we believe the personality of Governor Wilson gave him great strength with the people, we do not forget that far greater was the strength of the policies which he is pledged to advance when he shall assume his high estate. We regard Mr. Wilson one of the finest types of American manhood. We admire his erudite mind, but we more admire his love of the right. We admire his intense fealty to the spirit of American institutions, but we more admire his intense sympathy for humanity. We admire his loyalty to the great Democratic party, but we more admire that matchless courage which leads him quickly to the party's rescue when comes the danger of debauchery at the hands of a Smith or a Dix, who would disgrace the Democratic garments by carrying them in contact with reactionary principles.

Will this man who has led the Democratic party out of the wilderness of oblivion to the sunlit peaks of a world's attention, be able to do for the American people that which has been promised in his name? Will he be able to select for secretary of the treasury some citizen free from bondage to Wall street? Will he be able to find a secretary of the navy not susceptible to the wiles of the steel trust? Will he be able to name an attorney general who honestly believes that prisons were built for the owners of criminal wealth, as well as for men in the common walks, or for the friendless poor. Will he be able to appoint judges to the federal bench without first consulting the pleasure of the great corporations?

Strength to the arm, and courage to the heart of Woodrow Wilson, so that he may dare and do the things which the American people have elected him to do. Woodrow Wilson believes in the common people. He believes in the brotherhood of man. He believes in God. Thus armed, he cannot fail to do all that has been promised in his name.—Columbus, (Neb.) Telegram.

COUNTRY BOYS NOT STRONGEST

Athletic Director at M. U. Finds Youth From Cities Physically Superior to Those From Farms.

Columbia, Mo., Nov. 13.—Men from the farms of Missouri who have come to the University of Missouri for the short course in agriculture are physically inferior to the students from the cities, according to O. F. Field, instructor in athletics.

Mr. Field has examined the farmer boys and finds that they are unevenly developed. The muscles of the arms and shoulders are usually overdeveloped and the grip weak. The city men who had had some physical training have much better built bodies than the agricultural students.

A special class has just been started at the gymnasium for the short course men. These men will be given an hour's gym work two nights a week. The exercises will be planned to overcome the physical faults of the farmer boys to give them all round bodily development.

Mr. Field will also give the men instructions in how to plan and direct the work on the rural playgrounds that should be established in farm communities.

Odd Things About the Presidency.

It is rather an interesting fact that of the twenty-six men who have been elected president of the United States, including Woodrow Wilson, only eight have had second given names. Three of these double-name presidents came prior to the civil war—John Quincy Adams in 1824, William Henry Harrison in 1840, and James K. Polk in 1844. The other five have come since the war—U. S. Grant in 1868 and 1872, R. B. Hays in 1876, James A. Garfield in 1880, Chester A. Arthur, who succeeded Garfield, and William H. Taft, the present incumbent of the presidential office. All the other presidents have had but a single given name, from George Washington, John Adams and Thomas Jefferson, in the early days of the republic, down to Grover Cleveland, William McKinley, Theodore Roosevelt and Woodrow Wilson in these later days.

William McKinley was the only smooth shaven president since before the civil war, and Woodrow Wilson will make the second. Of the presidents from Lincoln's time, Lincoln, Grant, Hayes, Garfield and Harrison wore full beards. Arthur wore burnsides, while Cleveland, Roosevelt and Taft contented themselves with modest mustaches. All of the earlier presidents were without hair on the face.

Now, that Mr. Wilson, without beard, has been elected president, it may be in order to say that no Democratic candidate for the presidency for fifty or sixty years has worn an actual full beard. Stephen A. Douglas was smooth shaven, and McClellan wore only a mustache when he was nominated in 1864.

Seymour was smooth shaven when a candidate in 1868, and the Greeley beard was like that of a goat, far below the chin, leaving his face absolutely clean. Tilden's face as a candidate, in 1876, was without hirsute adornment, and Hancock, with mustache and goatee, had smooth shaven cheeks. Cleveland had only a mustache, and Bryan has always been without beard or mustache. Parker was without beard when a candidate in 1904.

On the other hand, as already noted, exactly one-half of the Republican presidents and candidates for the presidency since 1860 (for the Republican candidates, in the main, were successful at the polls) have had beards, or modest mustaches.

Since the civil war every Republican candidate for the presidency wearing a beard has been elected, with the exception of James G. Blaine, while every smooth faced Democrat has been defeated except Wilson.—St. Joseph News-Press.

Mrs. O. P. Wade went to St. Joseph Tuesday evening for a short visit with her daughter, Mrs. J. G. Tribley, and son, Ross Wade. She will visit J. B. Wade and family at aKnsas City, George Wade and family at Excelsior Springs and Bert Wade and family at Brookfield before returning.

"The Prison Ship" tonight at Fern.

News of Society and Womens' Clubs

Thanksgiving Market.

The ladies of St. Mary's church parish will hold a market on Wednesday before Thanksgiving day in some store uptown.

Postponed Social.

The social announced for Tuesday night at St. Mary's Catholic church was postponed until tonight on account of the bad weather.

Aid Society Thursday.

The Ladies' Aid society of the First M. E. church will meet at the church Thursday afternoon, to make further arrangements for the bazaar November 21-22. All members are earnestly urged to be present.

M. I. Circle Tuesday.

Mrs. W. B. Christy entertained the M. I. Circle at her home Tuesday afternoon. The papers were all entertaining and profitable, and the afternoon proved very pleasant, although the weather was gloomy and threatening. Devotions were led by Mrs. J. F. Cook. Roll call was responded to by the names of Dutch artists. The papers given were "Rural Life in Holland," by Mrs. W. A. Blagg; "Noted People in Dutch History," by Mrs. J. E. Melvin. A drill in pronunciation was given by Mrs. I. W. Nixon. Mrs. W. A. Bailey acted as critic. The next meeting of the Circle will be with Mrs. J. E. Melvin.

A Birthday Surprise.

As Mrs. Emma Conklin was busily engaged in helping her husband husk corn a few days ago, on their farm, northeast of the city, a company of her friends gathered in the house and spread a splendid dinner in her honor, because the day was her thirty-third birthday anniversary. She went to the house about noon to arrange a lunch and found the table and everything beautifully ready and fit for a queen. The friends waiting to receive her were Mr. and Mrs. Jacob Outs and son, B. A. Cox and son, Mrs. Guy Ridlon, son and daughter, Mrs. William Hoshor and daughters, Mr. and Mrs. Ed Bolin and daughters. The ladies of the company remained for an afternoon visit.

Her Sixty-First Birthday.

Mrs. Elizabeth Hillard was very happily surprised Tuesday evening by twenty-six children of the Jefferson school and a number of her relatives who called at her home, 416 South Mattie street, to wish her a happy birthday, for they were afraid she would forget it was the sixty-first anniversary of her birth. Thirty-five years of that time have been lived in Maryville. There were forty-one guests and each brought her a remembrance. Every one had a good time, Mrs. Hillard giving all the children a generous treat of candy. All departed at 10 o'clock, wishing her many happy returns of the day. The children were Mattie, Lora and Irene Sharp, Earl, Vera and Velma Eisenman, Myrtle and Edward Frost, Myrtle and Iva Hawkins, Mattie and Rinda Seals, William Laughlin, Lester, Murl, Ruth and Herschel Fite, Pearl, Charles and Marie Kissinger, Neva Glasgow, Anna, Elizabeth and Donovan Hillard.

Addressed Club Women.

The women of the Twentieth Century club and their guests gathered at the Elks club Tuesday afternoon to hear Miss Louise Stanley of the household economics department of the state university in her second address to them. Miss Stanley gave a general treatment of domestic science, but this time she spoke of "Mineral Matter in the Diet." She selected this subject, she said, because we hear so much these days about the amount of food we should eat and about the kind of food it should be to sustain the most healthful conditions. The mineral element is the most important of all the elements of the body, because it gives rigidity, elasticity and strength to every part of the body. The next two in importance are calcium and phosphorus. These three elements are the most likely to become deficient or show disturbance of any in the body, and this is the reason that knowledge of the value of foods containing the most of the elements should be used and their proper preparation for the table. In giving a list of foods that contain the most healthful properties, Miss Stanley gave lima and navy beans, peas, egg yolk, oat meal, lentels, green beans, corn meal, barley, spinach, raisins, rice, celery and onions. She insisted on the development of the flavors of vegetables instead of hiding them by various dressings and letting them boil and pouring their liquor off in the false belief that it is not good, as is the custom of some in the cooking of green beans, onions and other vegetables. The refining of goods that has taken place in late years has in many cases meant a most decided lowering of the mineral content. For example, the patent flour contains less than one-fourth the mineral matter of the Graham flour, while the low grades of flour contain almost twice as much as the high patent. Thus by the refining of the flour we improve certain characteristics of the bread, as texture and color, but the mineral content is decidedly lowered. Polishing of rice is another example. But by far the greatest loss of mineral matter occurs, however, from the ordinary methods of cooking vegetables. Somehow the American woman fails to appreciate the value of vegetable foods and does not seem able to make the most of them. Perhaps the American man is back of it all, when he demands meat and more meat. To her mind they are all to be cooked the same way, boiled, and the colander hanging over the sink too often tells the story what happened to the water in which these vegetables have been cooked. And why is this water valuable? Because, in this water, along with other soluble material, is contained approximately half of the mineral matter originally present in the vegetable.

Miss Stanley conducted an interesting quiz after her talk, and she was asked many questions in regard to the proper cooking of various things, which she answered to the clear understanding of all.

Miss Nelle Nesbitt followed, and told of the work the agricultural department of the state university is starting for the benefit of the women of the state, in connection with the work of the state board, to hold institutes for them in connection with the farmers' institutes, where they may meet and hear lectures on household affairs by specially trained people in these lines. She spoke of Nodaway county as being the first county mentioned in connection with this work by the state workers in starting the movement, because our farmers have high standing in the state, and it was presumed that the women of the county are equally interested in everything that will help them to better fill their places as homemakers. Miss Nesbitt said that in Canada the work of the women far exceeds that of the men in their respective places.

Among the guests to hear Miss Stanley and Miss Nesbitt were Miss Hettie Anthony of the domestic science department of the Northwest Normal and her advanced class in domestic science.

Dance at Clearmont.

KEEP THE CHILDREN'S BOWELS CLEAN NOW.

If Tongue is Coated, Stomach Sour, Breath Feverish, Bowels Clogged, Give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and thirty feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen, mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

Mrs. Bert Charles Very Ill.

Mrs. Bert Charles, a daughter of Mr. and Mrs. D. Donahue, living north of Maryville, is lying very ill at St. Francis hospital, where she has been a patient for several weeks.

GOOD NEWS.

Many Maryville Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Maryville are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

J. E. Bratcher, 1302 East Second street, Maryville, Mo., says: "It gives me pleasure to verify the testimonial I gave for Doan's Kidney Pills some years ago. I had kidney complaint and Doan's Kidney Pills relieved it. Others in the family have used this remedy for backache and kidney trouble and it has always done good work. I got Doan's Kidney Pills at Love & Gaugh's drug store and can say that they are a fine kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

Returned From Colorado.

Thomas Cunningham returned Wednesday morning from Lamar, Col., where he has been spending several weeks with his daughter, Mrs. Henry McAuliffe.

World's Greatest Catarrh Remedy.

Just breathe Booth's HYOMEI for five minutes and the penetrating antiseptic air from the Eucalyptus forests of Australia will soothe the sore catarrhal membrane and give wonderful relief.

Being such an efficient remedy; absolutely willing at the makers' request to guarantee HYOMEI for catarrh, croup, catarrhal deafness, coughs, colds, sore throat and bronchitis or money back. The little book in each package tells how simple it is to get rid of all these distressing diseases. Complete HYOMEI outfit, including pocket inhaler, $1.00; extra bottles, 50 cents at dealers everywhere.—Advertisement.

Mrs. J. A. Wiley and Mrs. W. P. Scott of Pickering were among the shoppers in Maryville Tuesday.

You may be the one that can't. The man having the best eyes when old age comes will be the one that needs this first call for help.

DR. FINN, Optician.

PUTS ARMISTICE UP TO BULGARIA

Turks Make Direct Appeal for Arrangement of Peace Terms.

LITTLE NEWS OF GREAT BATTLE

Soldiers and Officers Who Fled Before Enemy Executed at Constantinople—No New Developments in Diplomatic Field.

Constantinople, Nov. 13.—The porte has applied direct to Bulgaria, seeking to arrange an armistice, according to the reports current in the capital.

An open letter written by Prince Seba Heddin and addressed to the sultan, is published in the form of a pamphlet and sold in the streets. The proceeds will go to the benefit of the Red Crescent society, and the pamphlet has been eagerly bought. The prince says in substance:

"The enemies of the country are not the Balkan states, but we ourselves who have proved incapable of governing the country. If we take a lesson from past errors, then there is hope of improvement."

Seventeen soldiers and one officer who fled before the enemy at Kirk Kilisseh were executed in the outskirts of the city. The death sentence has spread panic among the remainder of the troops.

Progress of Allies Slow.

London, Nov. 13.—There is no news as yet either from Sofia or Constantinople, as to how the great battle at Tchatalpa is going and it is rumored that Turkey is asking Bulgaria to arrange an armistice.

In the other fields of war operation the progress of the allies in slow. The Servians and Greeks have not yet reached Monastir, where, it is reported, Ali Riza Pasha, the former Turkish minister of war, has 50,000 troops prepared to offer a vigorous resistance.

The Montenegrins have suffered a setback in their prolonged efforts to capture Scutari, largely owing to the defection of the Malissori tribes, who demand guarantees of Albanian independence.

Optimism Prevails.

The Greek advance in the direction of Janina also appears to be retarded. It is probable that weather conditions have much to do with the slow progress.

In the diplomatic field no fresh development is reported. Important conferences continue at Budapest, where the former premier of Rumania, P. P. Carp, arrived with a letter from King Charles to Emperor Francis Joseph.

In most of the European capitals a more hopeful feeling is displayed that peace will not be disturbed by the Austro-Servian difficulties.

If the wishes of the Albanians weigh in the permanent settlement of the Balkan question, Albania will be made an independent principality, as the Triple Alliance proposes, rather than subject of any of the Balkan states.

CONTEST IN KANSAS IS CERTAIN

Gubernatorial Election Figures Still Uncertain, With Neither Candidate Admitting Defeat.

Topeka, Nov. 13.—The Kansas gubernatorial situation is just as muddled now as any time since election day. Capper claims he has a plurality of 26, going from six to 52 and back during the day. The Democratic headquarters started with a plurality of 242 claimed for Hodges, and by night Henderson Martin, chairman, simply said: "Hodges is elected."

Reports have been received from all the counties and the reports are supposed to be official, but the real certificates continue to make changes. There are 45 counties from which official figures have been received by the secretary of state. Martin said he was expecting Capper to bring a contest and was preparing for it.

Restore Naval Prison Ship.

Annapolis, Nov. 13.—Simple confinement to quarters is not sufficient punishment for infractions of the rules at the Naval academy, according to Supt. J. H. Gibbons. He has restored the custom of imprisoning fractious cadets in a stationship. The old Reina Mercedes, captured from Spain in 1898, has been anchored in the Severn and cadets are confined to the vessel after the day's recitations and meals.

Sedalia Has a Mystery.

Sedalia, Mo., Nov. 13.—A human hand, apparently that of a white woman, clinging to one of the bones of the right forearm by a ligament, was found by Sam Gordon, a negro laborer, in a dump pile near his home. The hand was taken to police headquarters, and an investigation was started. The first joint of the little finger of the hand is missing.

Snead Again on Trial.

Fort Worth, Tex., Nov. 13.—The second trial of John Sneed, charged with the murder of Capt. A. C. Boyce, January 13, 1912, because Boyce's son eloped with Mrs. Snead, was called in the Potter county criminal court. Snead later killed the younger Boyce also.

JOHNSON'S CASE TO WASHINGTON

Judge Refuses $40,000 Cash Bond for Negro Pugilist.

MORE INDICTMENTS RETURNED

Prosecution Fears Black May Flee Country if Even Temporarily Released—Same Bond May Be Asked on Each Count.

Chicago, Nov. 13.—Coincident with the refusal of Judge George A. Carpenter of the United States district court to accept a cash bond of $40,000 from "Jack" Johnson, negro pugilist, the United States district attorney's office began preparations to rush Johnson to trial, to prevent him leaving the country.

Johnson is due to sail for Europe November 30, to fill some prize fighting engagements. In the event the United States supreme court at Washington orders his release on the bonds he has offered, he would be at liberty to flee the courts. His return, in such a case, is regarded as doubtful.

United States District Attorney Wilkerson is bending every effort to bring Johnson to trial next week.

Grand Jury Still Working.

The federal grand jury is similarly active. The scope of the inquiry into Johnson's alleged violations of the Mann act has suddenly broadened, and the probe now has to do with his every action as far back as the law allows. The statute of limitations limits the prosecution to the past three years.

Up to the present time, five indictments have been returned against Johnson all charging violations of the Mann act in his relations with a white woman named Belle Schrieber, formerly known as Mrs. Jack Johnson.

Intimations from the grand jury room indicated that further sensational disclosures are to be expected, involving the negro prizefighter's relations with other white women. Agents of the department of justice have been scouring the country for evidence against the negro, and their reports are being received daily.

No Liberty in Sight.

Interest in the Johnson case shifts at present to Washington, where the United States supreme court again takes up the matter of the negro's appeal for a motion to order his release on the bonds he has offered.

Even if the supreme court grants the order, Johnson's way to temporary liberty is by no means clear.

In case the order is granted, it is the intention of District Attorney Wilkerson to immediately ask Judge Carpenter to fix additional bonds of $40,000 on the four more recent indictments.

INDEPENDENCE FOR FILIPINOS

Leading Democrats Plan to Arrange for Passage of Bill in House early in Session.

Washington, Nov. 13.—July 4, Uncle Sam's Independence day, also will be that of the Filipinos, it has just been learned if plans of leading Democrats do not go awry.

To give the Filipinos limited independence July 4, 1913, is planned if a special session of congress is held next spring. Chairman Henry of the house rules committee stated that one of the very first measures to go before the house this winter, with every prospect of passing, was the Philippine independence bill. That measure, drafted by Chairman Jones, Democratic member from Virginia, of the house insular affairs committee, is now on the calendar.

Mob Violence Feared.

Springfield, Mo., Nov. 13.—As a result of threats made to lynch a prisoner, Sheriff W. E. Freeman spirited Henry Pate, a negro, out of the Greene county jail and hurried him to Marshfield in an automobile, where he will be in safekeeping until his trial here in the criminal court. Pate is charged with attacking a white girl at a hotel here. There has been much talk of mob violence in the streets.

Diaz's Escape Reported.

Louisville, Ky., Nov. 13.—Gen. Felix Diaz, nephew of former President Porfiro Diaz of Mexico, who was sentenced to death by court-martial for leading a revolution against the Madero government, has escaped from prison at Vera Cruz by bribing sentries, according to information from R. H. Dickerson at Oaxaca, Mexico. Diaz is said to have been smuggled aboard a ship and carried down the coast.

Wilson Ahead in California.

San Francisco, Nov. 13.—Woodrow Wilson swung ahead of Theodore Roosevelt by 15 votes, according to telegraphic reports of the official count now being made. Five precincts remain to be heard from. Of these, four probably favor Wilson and one Roosevelt.

Snow Falling in Kansas.

Salina, Kan., Nov. 13.—A heavy snow is falling between Oakley and Plainville, Kan. Light cold rain is reported east of there. The weather is very cold for this time of year.

Robinson's Mammoth Poland-Chinas

I Will Sell at Private Sale

About thirty boars as follows:

Two two year olds, weighing about 650 and 750 lbs. One yearling, weight about 550 lbs. Five fall yearlings, weight from 350 to 450 lbs. Twenty spring boars of April and May farrow, welght 150 to 225 lbs.

This stuff is all my own breeding, and are the kind that get as big as steers, because they are bred that way and can't help growing.

They have all been treated with the University of Missouri Serum, and are in fine healthy breeding condition.

I need room for my fall pigs, and in order to get ready for my sow sale later on, and will price this stuff right in order to move it quick.

They can be seen at the farm, Northwest corner of Maryville, or will guarantee satisfaction on mail or phone orders.

F. P. Robinson, Maryville, Mo.

Automobile Insurance

I have just accepted an agency that protects all lines, any where, all the time, at minimum cost. Fire, theft, accident and property damage. No man can afford a car without protection. See me now.

To the Ladies of Maryville and Vicinity

The Richardson Ladies' Tailoring and Dressmaking School now has over twenty students enrolled, who are taking the fall and winter course, and new students are enrolling daily. This school is meeting with good success, and we have decided to take in students the remainder of this week and give them the extreme low price of $25.00 for both courses, including drafting, designing, reproducing and fitting. Also sewing, making, finishing, pressing and tailoring, with unlimited instructions in the drafting and pattern making departments, with thirty days in the sewing and finishing department, with a complete set of the well known Richardson Tailor System included with their lessons, all for one price, $25.00. Students can pay $10.00 down when they register and the balance of $15.00 in thirty days. You can bring your own materials and sew on your own clothing while taking this course:

The following named ladies are a few of the ones who have entered the school here:

Miss Maybird Carver.
Mrs. Clara Myers.
Miss Ola King.
Miss Juie Vincent.
Miss Agatha Kirch.
Miss Flora Ellsworth.
Miss Josie Hagan.
Mrs. M. J. Boatman.
Miss Gertrude Kirch.
Miss Ruth White.
Miss Cornelia Faubion.
Miss Ora King.
Mrs. Martha J. Cook.
Miss Elizabeth Doran.
Miss Theresa Goodwin.
Mrs. Nannie Spoor.
Miss Lula Collins.
Mrs. Edith Lugar.
Miss Lena Bosley.

Remember, this low rate is for students that will enroll this week only, which only takes in four more days from today. This school will remain here all the winter, and all next year, and longer if we can get students enough to justify us to remain. This is your school, and I want you to help me to make it a success here in your city.

Students can make their own garments while learning, or sew for others.

NEW FIRE RATES ARE HELD UP

SUPERINTENDENT BLAKE REFUSES TO FILE SCHEDULE.

Ruling Suspends Operation of New Law and Leaves Competitive Rates Still in Force.

Jefferson City, Nov. 12.—Frank Blake, state superintendent of insurance, has made a ruling in which he holds that the basis schedules upon which fire insurance companies propose to base their rates are unjust, unreasonable and discriminatory. Blake's order prohibits the companies affected by the ruling from filing with the state insurance department their new rates, now about ready, until further notice from his department.

This ruling suspends the operation of the new rating law and leaves in effect the old competitive rates in Missouri.

In the past year the fire companies have been rerating the state. This work, except for part of St. Louis, has been completed, and James A. Waterworth, rating expert, recently stated that the new rates would be ready for filing by the latter part of November.

The new rating law gives to the superintendent power to reduce or increase insurance rates. He has complete supervision over the rates charged in Missouri. This law is patterned after that in operation in Kansas, which has proved satisfactory alike to agents and the people, but not to the companies.

This action of Blake's is likely to be followed by litigation, in which the companies will assail the validity of the new rating law. It is probable a suit in mandamus will be filed in the Missouri supreme court to compel Blake to permit the filing of the new rates when they are ready. Blake holds these are much too high and that he will not put them into effect nor even permit them to be filed in his department until new and reasonable basis schedules are prepared.

TRAMPS MURDER MOBERLY MAN

After Holdup Robbers Were Joined by Ten Others, all Armed—Posse Searching Woods.

Moberly, Mo., Nov. 12.—George Blake was shot and killed by two unidentified men within a few blocks of the business district here. Blake and three companions had been held up by the murderers, and later had taken a gun and gone in search of them.

The robbers were hiding behind a pile of steel rails and shot him through the abdomen. The murderers then made their escape into the woods west of the city and were joined by ten other tramps, all of whom are armed.

A posse headed by Chief of Police Fleming searched for the two murderers all afternoon, but returned to Moberly for re-enforcements when it was learned the tramps had been joined by ten companions.

The officers anticipate a battle, with more deaths probable, before the men are caught.

RECALL AMENDMENT IS ADOPTED

Both Propositions, Affecting Elective and Appointive Officials of Colorado, Carried.

Denver, Nov. 11.—Every elective and appointive official in Colorado, including judges, will be subject to the recall when the constitutional amendment submitted at Tuesday's election goes into effect.

Reports from about half the counties indicate that this measure and another, providing for the recall of judicial decisions, have been passed by substantial pluralities. The judicial decision amendment provides for the recall only of decisions by the state supreme court involving the legality of an amendment to the state constitution.

Ornithologists at Cambridge.

Cambridge, Mass., Nov. 12.—The 30th meeting of the American Ornithologists' union opened this morning in the University Museum, and will continue through Thursday. Scientific papers will be read by Frank M. Chapman, Herbert K. Job, Prof. C. F. Hodge, Dr. Charles W. Townsend, Miss Althea R. Sherman, Miss Alice Hall, Walter and many others. The social part of the program is quite elaborate, beginning with a reception this afternoon at the residence of Mr. and Mrs. Charles F. Batchelder. On Friday the mebers will be entertained by Colonel and Mrs. John E. Thayer

TON OF DYNAMITE EXPLODED

SIX WORKMEN KILLED IN POWDER FACTORY.

Shock Broke Windows in Town a Mile Away—Men Were Repairing Machine.

Gary, Ind., Nov. 13.—Six men were killed by an explosion of 2,000 pounds of dynamite in one of the pack houses at the plant of the Aetna Powder company near Gary.

The dead include William Halpin, foreman; Charles Schmidt, C. O. Carlson and three unidentified workmen. Several workmen are reported to have been injured, but officials of the powder company deny it.

The men who lost their lives were repairing a packing machine when the explosion happened.

The dynamite was loose in 100-pound lots on the packing trays and except for that the accident would have been much more severe.

A South Shore suburban train was within a few hundred yards of the plant but no one on the train was injured, although the shock broke windows in the town of Miller, a mile distant.

The buildings are sunk in the ground only the skylight being above the surface, and are widely separated. That arrangement of buildings prevented complete destruction of the plant.

Buy Illinois sutless lump coal at $4.50 per ton. WM. EVERHART.

APPLES FOR THANKSGIVING.

Grimes Golden, Jonathan, York, Missouri Pippin, Gano, Winesap and Lansingburg, $3.25 per barrel, or two barrels each of five varieties at $2.50 per barrel, at Maryville, buyer paying the storage on the ten barrels at a monthly or season rate at Mr. Everhart's. W. H. GHORMLEY.

PARISIAN SAGE FOR WOMEN.

Madam: Do You Want an Abundance of Lustrous Hair With no Dandruff of Germs?

Before you finish one bottle of delightful PARISIAN Sage hair tonic, falling hair will cease; scalp itch will be but a memory and all dandruff will vanish.

Besides this your hair will be free from dandruff germs, and PARISIAN Sage will so nourish the hair roots that the hair itself will become full of life and nature's own radiant color.

PARISIAN Sage is not a dye—it does not contain dangerous lead or any other poisonous ingredient. For your own protection ask for PARISIAN Sage and request your dealer not to give you any preparation containing lead or nitrate of silver. Large bottle of PARISIAN Sage costs but 50 cents at dealers America over. The Koch pharmacy guarantees it.—Advertisement.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Koch Pharmacy.

Did You Ever Spend a Winter in the South?

Did you ever visit the many delightful resorts along the Gulf Coast?
Did you ever go motoring along Florida's beaches?
Did you ever go touring through scenic Cuba?
Have you ever enjoyed the many delights of a trip through Southern Texas?
Have you ever traveled through Old Mexico where the cold northern winter is turned to balmy summer?

Why Not Go This Winter?

There are special winter tourist rates to all principal points. The cost is low. The climate is positively ideal. The resorts are numerous. The hotels are good. The opportunities for all forms of out-door sports are almost without limit. And the trip will bring the most pleasure, if you go via the Burlington.

Come in and let's talk it over. If I haven't detailed information about the attractions of the particula place you wish to visit, I can and will get them for you in a hurry.

W. E. GOFORTH, Ticket Agent.
